Revitalize.

**Vantage Health Plan –
a Leader in Community Enrichment**

This time of year, everyone has one word on their mind. Revitalization. Whether it be on an individual level or a corporate level, now is the time to revamp. We asked a few people with Vantage Health Plan what this word meant to them.

Dr. Gary & Sissie Jones
President/Chief Medical Officer

"In true definition, Sissie is my revitalization. In my world of black and white, Sissie adds color."

"Years ago, the board members of Vantage had the idea of revitalizing downtown, and I knew I would need her help to recreate those memories. Everyone has memories of downtown, and we wanted to recognize that those memories and history are important. This community is also important and it is a privilege to do what we do every day because others have provided the means for us to do them. We believe we are just the caretakers, but altogether our existence becomes richer."

Lacy Sanchez, Miss Louisiana 2014

Billy Justice, Director of Marketing/Sales

"Change defines revitalization. In the past 20 years, Vantage has gone from an insurance provider that Members only needed when they were sick to a local, compassionate company teaching and encouraging customers to take advantage of their

CenturyLink is expanding our
network in your area.

The wireless Internet solution combines our robust network with wireless technology to deliver Internet service to your home. Proper installation requires one of our certified technicians to install the service and mount a small wireless antenna to your home.

Step 1

The technician will determine the best location for the wireless antenna to ensure the strongest possible connection for your service (with your agreement regarding placement).

Step 2

The wireless antenna is then mounted on your roof for optimal performance.

Step 3

The technician will then connect the wireless antenna to your in-home modem for WiFi enablement. Once connected, you're ready to go!

Inspired Impact

Guided by the teachings of Jesus, we draw inspiration from the profound story of the widow's offering. Just as her two coins held immeasurable value, your contributions drive profound change. Your support fuels our mission, sparking transformation and igniting hope where it's needed most.

Towards Tomorrow

Our commitment remains steadfast as we move forward. Envisioning a future where Two Penny Missions continues to rewrite stories, one act of kindness at a time. With your ongoing support, we're poised to craft a lasting impact and shape a brighter tomorrow.

Join Our Journey

We invite you to be part of our movement of compassion and change. Through volunteering, donating, or sharing our mission, your involvement resonates far beyond, touching lives and cultivating a community where compassion thrives.

Our Mission and Story

Two Penny Missions exists to provide vital aid to those in need. Rooted in faith and compassion, we responded to the call for action in Northeast Louisiana. We are translating love into action, linking urgent needs with lasting transformation. We go beyond shelter and sustenance, empowering individuals to rebuild their lives with dignity and hope.

Arimathea Trace and Anchor's Way

Arimathea Trace, located at 221 Lilac Street in West Monroe, isn't just a shelter; it's a place of transformation. With cabins, dining spaces, and essentials, it's a starting point for tenants to rebuild their lives. Meanwhile, Anchor's Way, our haven for women and children, echoes the same commitment. These spaces aren't merely refuges; they're wellsprings of empowerment. Beyond providing shelter, they equip individuals with tools, resources, and guidance towards self-sufficiency.

OUR MISSION

To provide VALUE by efficiently producing quality multi-wall bags, backed by excellent customer service & technical support

ABOUT US

During the past dozen years, our industry has seen seven Fortune 500 integrated multiwall manufacturers leave the bag business. Yet throughout these unsettling times, Bancroft Bag has maintained continuous growth and today operates the single largest diversified multiwall plant in the United States.

Bancroft Bag is solely committed to the manufacturing of high quality multiwall bags. Unlike integrated bag companies, Bancroft is not limited in material selection. Instead, we work closely with our customers and qualified suppliers to provide materials best suited to performance. We operate one of the most sophisticated plants in the multiwall bag industry, including in-house graphics and superior printing on the state-of-the-art flexo presses; in-house ink plant, plate making and a computerized color matching system.
